In the black of night he stalks his unwitting victims with the passion of a prince and the grace of a wild animal. Able to assume the guise of everything from a shadow on the wall to a jagged-toothed Wolf Beast, he feeds on the living, sinking his pearly fangs into their fair throats for a drink of their life-giving serum.

For he is the Prince of Darkness—Count Dracula—and he's cast his hypnotic spell on your lovely mistress, Mina Murray. Now you, Jonathan Harker, must drive a stake through the heart of this vampire and save the fair Mina from eternal life as a vampireess.
